

Conditional Approval to Begin Chapter Formation

Welcome to the Pretty Girls Who Serve sisterhood.

This letter serves as conditional approval and pre-authorization to begin forming a Pretty Girls Who Serve chapter. You may recruit prospective founding leaders and complete approved pre-charter work. Conditional approval is not final acceptance, an official charter, or permission to operate as a fully active PGWS chapter.

What conditional approval allows

- Recruit and interview prospective Executive Board members using the approved PGWS materials.
- Create an interest GroupMe after receiving approval from PGWS Nationals.
- Share approved interest graphics and hold approved interest conversations.
- Identify a qualified chapter advisor and begin the institution's recognition process.
- Complete PGWS pre-charter training and prepare for national leadership interviews.

Requirements for full activation

PGWS Nationals will issue final written activation only after the prospective chapter completes every requirement below:

- Pass the Pretty Girls Who Serve national leadership interviews.
- Complete all required PGWS leadership training.
- Receive written approval or recognition from the college, university, school, or applicable institution.
- Recruit and confirm qualified Executive Board members who align with the PGWS mission, faith identity, conduct standards, and role expectations.

Until final written activation, do not call the group a fully active or chartered PGWS chapter.

Restrictions during the conditional stage

- Do not collect national or chapter dues or promise membership.
- Do not open a chapter bank account, Cash App, or other payment account.
- Do not create an official chapter Instagram account or alter PGWS branding.
- Do not enter contracts, partnerships, fundraisers, or public commitments in the PGWS name without written approval.

PGWS Nationals may pause or withdraw conditional approval if the founding group misrepresents its status, violates PGWS standards, or does not complete required steps. Conditional status continues until PGWS Nationals issues a separate final activation notice.

With faith and expectation,

Shayna Vincent
